

Self Adhesive Nylon Cable Tie Base

Self adhesive nylon cable tie bases are perfect for applications where access is difficult or fixing holes would be unacceptable.

A near to instant bond and four way entry makes for quick and easy installation from whatever angle you may be working at, just apply to a clean, dry surface.

Maximum adhesive surface, designed to hold heavier bundles of cables.

RoHS and Reach compliant.

- Four way entry for easy installation of cable ties
- Maximum adhesive area for heavy bundles
- Near to instant bond

Material	Polyamide 6.6
Adhesive	Synthetic Rubber
Operating Temperature	-40°C to +85°C
Application Temperature	-40°C to +85°C

Part no.	Length (mm)	Width (mm)	Max Tie Width (mm)	Colour	Pack size
MB2A-B	13	13	2.7	Black	100
MB2A-N	13	13	2.7	Natural	100
