

Tensioning Tool for Stainless Steel Cable Ties

The MK9SST is constructed with heavy duty parts to ensure optimum performance.

It is designed to apply our MBT cable ties with a strap width of up to 16 mm.

The tool is ideally suited for use in most arduous environments such as those found on board ships, oil rigs, construction sites or in nuclear power stations.

- Consistent tensioning and automatic cutting of metal cable ties
- Infinitely adjustable tension force combined with two step quick adjustment
- Glass-fibre reinforced housing

Material

Glass-fibre reinforced

Part no.	Max Tie Width (mm)	Max Strap Thickness (mm)	Weight (kg)	Pack size
